## CIO Courts Small Mills

### Uses Divide And Conquer Technique

Washington, June 28—(AP)—Philip Murray's striking CIO Steelworkers, fighting a divide-and-conquer war with the nation's steel industry, was reported today sounding out some of the smaller basic steel companies in a desperate effort to win new contract settlements.

Murray personally negotiated a peace pact yesterday with Pittsburgh Steel, No. 14 in the ranks of basic steel producers. Pittsburgh Steel turned over one million tons of ingots last year, according to industry figures. When full-scale production is resumed at the company's plants in three states it will bring total U. S. production up to 15 per cent of normal.

A top union official agreed today the union's obvious strategy is to sign up as many smaller companies as possible. Two likely prospects for the union's drive are Colorado Fuel and Iron, 11th biggest producer, and Crucible Steel, the 13th. Union Shop Stickler

Crucible's expired contract with the union included a union shop provision. That's the stickiest issue in the long fight between the industry and the union. The contract signed with Pittsburgh Steel provides a limited union shop arrangement whereby new employees must join up but have the right to get out of the union within the 20th and 30th day of work.

A spokesman for Murray in Pittsburgh said 48,000 of the 650,000 steelworkers who walked off the job June 2 are covered by new contracts.

Need Big Six

Even if the union does succeed in picking off more of the smaller companies the crushing weight of the steel strike on industrial output will not be lifted until agreements are reached with the big six.

These companies, headed by U. S. Steel, produce an estimated 70 per cent of the nation's steel.

Union officials said no new peace talks with the big six are now scheduled but hinted the union might throw out some new peace feelers early next week.

These same officials said that Pittsburgh Steel's agreement to grant the union shop served to harden the union's insistence that no contracts will be signed which do not include a union shop provision.

The strike is now in its 27th day.

South Africa Gets Tough With Race Law Violators

Johannesburg, South Africa, June 28—(AP)—South African authorities cracked down on Negro and Indian race law violators today by formally charging them with conspiracy against the state.

Some 108 non-white who broke curfew laws and segregation laws purposely in a nationwide campaign of civil disobedience were caught in the surprise move. They were ready to plead guilty to minor offenses and go to jail for periods up to 14 days but conspiracy carries a penalty of six months and upwards.

Police struck at the heart of the resistance to race segregation laws yesterday by jailing the two top leaders, Yusuf A. Cachalia, secretary of the campaign and Nelson Mandela, a leading strategist.

The campaign leaders had hoped the movement eventually would spread to all South Africa's 10 million non-whites and fill the jails to overflowing.

In Johannesburg, 54 non-whites who broke curfew laws were granted bail of 50 pounds (\$140) each and remained until July 11 for trial before a magistrate. At Boksburg, 52 who entered a location without permits required by law were refused bail on the ground they broke the riotous assemblies act by conspiring to commit public violence.

A magistrate's court can only impose a sentence of up to six months, but Johannesburg Public Prosecutor W. A. King said a preliminary examination would be ordered so that the men may face trial in a higher court capable of imprisoning convicted men for long terms.

HEAT AND JUDGE CANCEL HEARINGS

Quincy, Ill., June 28—(AP)—County Judge Robert S. Hunter got hot under the collar today and closed the Adams county court until further notice because of what he termed "intolerable conditions."

Judge Hunter said the temperature was 95 in his courtroom this morning and that it rose to 102 in town during the day.

But that wasn't the judge's hottest argument. He said a boiler used for heating water was right under his courtroom.

## Department Apologizes To Lattimore

Washington, June 28—(AP)—The State Department apologized publicly to Owen Lattimore today and revoked the order barring the Far Eastern affairs specialist from leaving the country.

In a formal statement the department described as false a tip it received to the effect that Lattimore was planning a trip behind the Iron Curtain. It was on the basis of this tip that the department directed customs officials to stop the John Hopkins University professor from leaving the United States.

"The Department of State," today's statement said, "expresses to Mr. Lattimore its sincere regret over the embarrassment caused him."

Lattimore expressed appreciation for the State Department's action and said assurances should be forthcoming that such a "monstrous and un-American injustice cannot happen again."

Torrid Weather Still The Rule; Scant Relief Seen

By The Associated Press

Blistering heat which has seared the eastern and southern sections of the nation in the season's longest heat wave continued Saturday.

There was little relief in prospect.

At least 151 deaths attributed to extreme temperatures and sticky humidity have been reported in the last three days, most of them in the east and south. New Jersey alone reported 53 deaths from the effects of steady sizzling temperatures that reached 100 degrees.

Along the eastern seaboard, temperatures dropped a few degrees Saturday but government forecasters said the lower readings probably would be of short duration.

In Washington, the temperature dropped to 88 Saturday, after hitting 98 Friday. It dropped to 77 in New York from a Friday reading of 93. But readings in both cities were expected to shoot up again Sunday.

Withering heat over the southern half of the country continued without a break. Lack of rains threatened crops. Temperatures shot up to 100 and over in many places.

Northern areas got a brief respite during the night but it didn't last long. In Chicago, 90-plus temperatures Friday dropped to 85 during the night but bounced back to 100 at 2 p.m. (EST) Saturday.

North Dakota benefited from heavy overnight rains which brought relief to the drought-damaged spring wheat crop. Lack of rain had brought a revised forecast of the state's wheat production this year to 104,790,000 bushels, lowest since 1940.

INDIANA HOLDUP MEN GRAB \$1,000, ESCAPE

Crown Point, Ind., June 28—(AP)—Three men carrying pistols held up the Providence Finance Company across the street from the Lake county courthouse today.

Police Chief Joe Hall said they scooped about \$1,000 from the till and escaped westward in a maroon-colored car. Two clerks and four customers were not harmed.

Police struck at the heart of the resistance to race segregation laws yesterday by jailing the two top leaders, Yusuf A. Cachalia, secretary of the campaign and Nelson Mandela, a leading strategist.

The campaign leaders had hoped the movement eventually would spread to all South Africa's 10 million non-whites and fill the jails to overflowing.

Stevenson Blasts GOP Platform, Truck Lobby

Springfield, Ill., June 28—(AP)—Governor Stevenson today assailed Illinois Republicans for what he called a "surrender to the truck lobby."

He criticized a plank in the GOP state platform expressing dissatisfaction with a 1951 law which sharply boosted license fees for commercial vehicles. Fees for private cars were not changed.

"Evidently the Republican candidates hope to ride to victory on a truck," said the Democratic chief executive.

At a news conference, Stevenson declined comment again on whether he would accept a Democratic convention draw for the presidency.

He said the subject was "mighty tiresome" and "I still want to be governor of Illinois as much as ever."

He is his party's nominee for reelection in November.

In adopting the truck plank, Stevenson said, the state GOP convention on Monday proposed to "repudiate" the work of last year's Republican-controlled assembly.

It didn't even await recommendations of an interim legislative commission which is now studying traffic and motor vehicle law problems, he said. The commission is headed by Senator Simon E. Lantz (D-Concord).

## See Brooks As New GOP Chairman

Chicago, June 28—(AP)—A new Illinois Republican national committeeman will be named Sunday afternoon when the state's delegation to the GOP convention meets in caucus.

The state's 60 delegates and 60 alternates were called to the organization meeting by Werner W. Schroeder, Chicago attorney, who will retire after 12 years in that post, and committeewoman Bertha Baur.

State party leaders have indicated that the new national committeeman will be former U. S. Sen. C. Wayland Brooks of Chicago. Brooks served in the Senate from 1940 to 1949 when he was replaced by Democratic Sen. Paul H. Douglas.

A move to win Schroeder's post for Gen. Robert E. Wood, board chairman of Sears Roebuck and company, apparently has not gained momentum.

For the first time, alternate delegates will sit in the caucus. Heretofore, alternates have been barred except in cases where an alternate was admitted to act for an absent delegate. The alternates will not participate in the caucus business.

The caucus will get under way at 3 p.m. (CDT) in the Lincoln room of the Hotel LaSalle. It will not be open to the public.

Schroeder will open the meeting and preside as temporary chairman until the delegation elect its officers—chairman, vice-chairman and secretary. He will then turn the meeting over to the new chairman.

Also to be elected tomorrow are members of several national convention committees. One member each will be named to the rules, credentials, presidential notification and vice-presidential notification committees. Two Illinois members will be chosen for the convention platform committee.

Sen. Everett M. Dirksen is expected to nominate Brooks for the national committee membership.

Allied Infantry Repel 3 Thrusts To Win Mound

Seoul, Sunday, June 29—(AP)—Chinese Reds hurled two assaults on a pair of hills on the western Korean front during a torrential rain last night, but booming Allied artillery turned them back.

The Reds launched their thrusts at "Baldy," a barren mound turned into a mud-coated mass, and a nearby peak.

Allied artillery and rifle fire beat off the first assault at midnight.

The Reds—about 750 strong—regrouped, fired 500 rounds of artillery and mortar at the dug-in defenders atop Baldy, and attacked again behind the supporting fire of tanks.

They limped back to their own lines after 30 minutes of withering fire from the heights. Allied officers said the foul weather prevented any estimate of Chinese casualties.

Allied infantrymen the previous night had stopped three attempts to take the bald-topped hill.

GIRL, 17, ADMITS WAF IMPERSONATION

Danville, Ill., June 28—(AP)—A 17-year-old girl, Delores Epker, was sentenced today to two years in a federal house of correction on charges of impersonating a member of the Women's Air Force (WAF).

The government claimed she had obtained a uniform at Chanute Air Force base near here and attended several parties at the base. She had pleaded guilty before Judge Casper Platt. She said she had lived variously in Quincy, De-

### Political Review

By The Associated Press

Charges of trickery and inconsistency were exchanged by the camps of the two leading candidates for the Republican presidential nomination yesterday and Sen. Estes Kefauver said his chief opposition comes from men more interested in controlling the Democratic party than in winning.

"We can win against any candidate the Republicans put in the field against us... unless some of the leaders in our party deliberately decide to throw an election away," Kefauver told a Democratic State convention at Golden, Colo.

Among the Republicans, whose nominating conventions opens in Chicago a week from tomorrow, verbal blows were traded by David S. Ingalls and Sen. Henry Cabot Lodge of Massachusetts, respective campaign managers for Sen. Robert A. Taft of Ohio and Gen. Dwight D. Eisenhower.

"Taft and his advisers are resorting to desperate last minute tricks to thwart the will of the rank and file of the Republican party," Lodge said in a statement. He said defeated national committeemen from Vermont and Rhode Island were seeking to seat proxies on the committee "in a barefaced bid to keep control" for Taft forces.

Charges "Inconsistency"

Ingalls contrasted the announcement that Eisenhower will move his headquarters to Chicago during the convention with the January statement by the general that he would not actively seek the GOP nomination. He said it "emphasizes the inconsistency of the general's whole demeanor in the 1952 presidential campaign."

Ingalls said delegates might ask "whether responsible leadership would flow from a candidate who can be led to such radical shifts in position in a period of only six months."

Eisenhower spent a quiet day in Denver yesterday, mapping strategy, while Taft was declaring in Washington that "the only thing anybody has got against me is the claim that I can't carry the election and there is no basis for that."

"It's the only effective argument left," Taft told a news conference. "There is no other argument. Whether you win depends on the kind of campaign you make and I think I have convinced most people I can make a winning campaign."

The Associated Press tabulation, based on known and conceded alignments, gives Kefauver 251½ to 135½ for Sen. Richard B. Russell of Georgia and 99½ for Harriman. Nomination requires 616.

The AP tabulation gives Taft 481 to 406 for Eisenhower, with 129 scattered among other aspirants and 190 uncommitted or in dispute. Nomination requires 604 of the 1,206 delegate votes, all of whom have been named.

An Associated Press poll of the credentials committee which will weigh delegate disputes at the GOP convention indicated that Taft supporters hold a slight edge thus far. Each state delegation names one member of the credentials committee, which will consider appeals from temporary seating decisions made by the national committee itself.

Texas supporters of Taft moved into Chicago Friday with a heavy filing cabinet which they said contained "million of words" to prove they should be seated. They claim they were lawfully selected by the Republican organization in the state.

Eisenhower backers say they were frozen out of the state convention and thus forced into a rump session which named its own slate of 38 delegates.

New Salem Park Program To Honor Early Educator

Springfield, Ill., June 28—(AP)—Sallie Holley, called "The American Angel of the 19th Century" because she taught thousands of colored children, will be memorialized at New Salem State Park July 4th.

The Rev. C. Townsend Tucker, president of the American Anti-Prejudice Society, Inc., announced today the summer program will be held for an expected inter-racial attendance of 2,500 persons.

Sallie Holley was an abolitionist, born in Canandaigua, N. Y., who died in 1883. After the Civil War she established a school near Hodgess Landing in Virginia and labored there for 23 years.

FIRE FIGHTERS CONVENTION

Danville, Ill., June 28—(AP)—Galesburg was selected today as the site of the 1954 biennial convention of the Associated Fire Fighters of Illinois. The group, affiliated with the American Federation of Labor, closed its ninth convention here today.

Charlottesville, Va., June 28—(AP)—J. Russell Wiggins, managing editor of the Washington Post, asserted today that government agencies are withholding information vital to the American people, and said "we are not achieving national security by buttoning up everything."

The editor proposed a remedy. "There should be a government agency that has the authority to examine all classified information and determine whether it is in the public interest that it should be so classified," he told an audience at the University of Virginia.

Wiggins was a member of a panel discussing the question of "freedom of expression" in the Institute of Public Affairs. The others were Ralph De Toledano, of Newsweek magazine; Martin Agronsky, of the American Broadcasting company; Ralph D. Paine, Jr., editor of Fortune magazine; Dr. F. D. G. Ribble, dean of the University of Virginia Law School, and Dr. Felix Gross, Brooklyn College professor. Marquis Childs, columnist, was the mediator.

Wiggins pointed out that "freedom of expression is doubly threatened in a period of military crisis." He said no one would question that for withholding information. But, military security is a valid reason he continued.

"We must make certain that the reasons for keeping military information secret are not made the excuses for keeping other information secret. We must make certain we do not go so far with military secrecy that citizens can not find out enough about the state of the nation's defenses to make sound political judgments on men and measures."

"The harm that flows from the curtailment of freedom of expression is not limited to the bad judgments that are reached on the particular issues about which information has been inadequate or debate or discussion incomplete."

Wiggins said he could envision instances where information might be so vital in forming public opinion and to permit intelligent voting, that it would have to be declassified even at the risk of letting an enemy government know about it.

Small Plane Hits Airliner Aloft; Two Men Perish

Dallas, June 28—(AP)—A big American airliner and a small two-passenger private plane collided today as both were coming in to land at Dallas Love Field.

The two young men in the private plane were killed as the craft, one wing shorn off by a propeller of the airliner, spun to the ground.

But the four-engine DC-6 landed safely. A dent in a propeller of the No. 4 engine and a torn radio antenna were the only damage.

Killed were Paul W. Bower, 20, and Don Walker, 20, both of Denton and both employees in Dallas of Central Airlines.

"We were letting down for a landing and heard the tower (CAA control tower) talking to the airplane that hit us," said Capt. G. H. Woolver of nearby Grapevine, pilot of the airliner.

"I didn't see the other plane, but I heard the tower operator tell him the pilot of the other plane to make a turn. The first thing I knew I saw a flash of aluminum off our right wing. We felt a jar, but it was only slight."

St. Louis Gets Hottest Weather Of Year, 104.3

St. Louis, June 28—(AP)—St. Louis roasted in 104.3 degree temperatures today—new high for a month of hot days.

It should be 100 or better Sunday, the Weather Bureau predicted.

A few clouds floated over the sun at intervals, but didn't help.

Many asphalt streets became soft. Other pavements bulged up, blocking traffic.

Six deaths yesterday and today were blamed, at least in part, on the heat.

The downtown area was deserted as St. Louisans flocked to parks, swimming pools and anywhere else that might seem cooler than their homes.

Today was the 23rd day this month with a reading of 90 or higher and the sixth June day of 100 up.

DROWNS IN CEDAR LAKE

Lake Villa, Ill., June 28—(AP)—Joan McDonough, 11, of 3623 N. Bell Ave., Chicago, drowned today in Cedar Lake. The daughter of Mr. and Mrs. Austin McDonough, she was on an outing with her parents and four brothers and sisters. The body was recovered.

BAD FIRE AT KANKAKEE

Kankakee, Ill., June 28—(AP)—Fire caused an estimated \$100,000 damage at the Upjohn Sales, Inc., body and paint shop here today.

### Fired Marshal Defends Conduct

Peoria, Ill., June 28—(AP)—A U. S. marshal who was dismissed by President Truman yesterday for alleged undisclosed irregularities said today he doesn't know why he was fired.

Robert Grant, U. S. marshal for the southern district of Illinois, denied any irregularities or misconduct in his official duties. He made the denial to the Peoria Journal at his home in nearby Pekin.

Grant, originally appointed by President Roosevelt, has served three terms as U. S. marshal. His headquarters were in Springfield.

His dismissal was ordered by President Truman on recommendation of Attorney General McGranery who declined to state the specific irregularities the U. S. marshal was accused of.

McGranery told Washington newsmen only that Grant appeared to have been involved with a "gentleman charged with mail fraud."

The Peoria Journal quoted Grant as denying any misconduct in connection with "court sanctioned" fund-raising trips with Robert Knetzer, bankrupt Edwardsville, Ill., auto dealer. Knetzer is not charged with mail fraud.

Knetzer escaped from the Springfield, Ill., city jail last week where he was under an indefinite sentence for contempt of court in connection with a bankruptcy case. He is the object of a nation-wide search.

Rains, Abundant Harvest Lower Price Of Wheat

Chicago, June 28—(AP)—Rains in the spring wheat belt provided the weight which, combined with several other factors, today sent wheat tumbling into new low price ground for the current crop. Other cereals followed wheat down in a general selling drive.

Aside from the much-needed moisture in North Dakota and eastern Montana, wheat had to contend with such adverse factors as the railroad embargo in Kansas, large receipts of cash grain at western terminals and an increasing run of red wheat from Illinois and Indiana.

Wheat closed 14-24 lower, corn 1 to 12 lower, oats 11-26 lower, and barley 7 to 10 cents a hundred pounds lower.

Reports from the northwest said Williston, in the heart of the dry area of North Dakota, received 1.83 inches of rain in the 24 hours ended at 6:30 a.m. Central Standard time. Minot got 1.36 inches.

The slump in wheat came in the face of opening up by the Agriculture Department of export sales under the 1952-53 international wheat agreement, which has been eagerly awaited by the trade. The country's quota is 253 million bushels, about the same as in the year now ending.

Harvesting of red wheat in the Midwest expanded with producers more inclined to sell than in the southwest. The grain sold at a discount under the July contract with No. 2 hard going at \$2.24 today.

NEW LIONS PRESIDENT

Mexico City, June 28—(AP)—Edgar M. Elbert, Maywood, Ill., real estate man, was elected international president of Lions in today's closing session of the organization's annual convention.

As is customary he was unopposed. Elbert succeeds Harold P. Nutter of Camden, N. J.

Keel-Laying Ceremony Set For Supercarrier

Washington, June 28—(AP)—A keel-laying ceremony on July 14 will mark the official start of work on the supersonic carrier Forrestal, a 60,000-ton craft with which the Navy claims it can "carry any struggle to the enemy, anywhere on the globe."

The huge flattop, of a size and appearance unlike any now afloat, is designed to launch and recover atom-bomb carrying planes, jet fighters of designs still on the drawing boards, and torpedo-toting aircraft faster and longer ranged than any now in operation. Its estimated cost is \$218,000,000, not including cost of planes.

Defense Secretary Robert Lovett will lay the keel of the ship named for his old friend and the first defense secretary, the late James Forrestal. The Navy estimates the carrier will be launched in March, 1954, and be ready to join the fleet the following December. The 29-month construction period can be shortened if urgency demands, said the Navy. The ship is being built by the Newport News Shipbuilding and Drydock company.

This will be the second time the Navy has laid the keel of a supercarrier. The first effort to build a huge carrier—the 65,000-ton United States—ended only a few days after the keel was laid. Former Secretary of Defense Louis Johnson, in an economy move which also came at a time when the Air Force and Navy were in a bitter quarrel over the relative merits of supercarriers and B-36 strategic bombers, suddenly ordered construction stopped.

This was in April, 1949. The Navy never gave up. It drew up plans for a somewhat different ship, convinced the Defense department and congress of the need and got money to start work on the Forrestal.

But it also is on the way to scoring a second victory. The Senate appropriations committee has recommended that the Navy be given authority, with money to come later, for the building of a second carrier of the same size. The House appropriations committee, in sending a military budget to the floor for the final vote, recommended against building the second carrier now.

### CASUALTY LIST 595 LISTS 381 AMERICANS

Washington, June 28—(AP)—The Defense Department today identified 381 battle casualties, reflecting heightened tempo of fighting in Korea. The longest list (No. 595) issued since last winter reported 65 killed, 265 wounded, 10 missing and 41 injured in combat zone accidents.

Speakers Call Taft's Theme: 'Rule Or Ruin'

Charlottesville, Va., June 28—(AP)—Two speakers, addressing the Institute of Public Affairs tonight, attacked Sen. Robert A. Taft, and one of them said Taft is determined to "rule or ruin."

They were Sen. Ralph E. Flanders of Vermont, a supporter of Gen. Dwight D. Eisenhower for the Republican presidential nomination, and James B. Carey, secretary-treasurer of the CIO. The institute is in session at the University of Virginia and a large audience heard Taft himself Friday night.

"For Taft it is rule or ruin," Flanders said in a prepared speech "and it is the Republican party and the nation which are threatened with ruin. We might as well face it."

Carey said in his prepared address that organized labor will try to stop Taft, and he issued a warning:

"Organized labor and its friends will do everything possible to prevent it—not only for the nation's sake but for its own sake—but if Taft wins, no union leader today can predict what may happen."

"If Taftism means a license for wage-cutting and union busting—as already it seems to mean—organized labor may well decide to defend its Democratic gains in its own way."

In a broad discussion of domestic and foreign problems, Flanders proposed the creation of "a neutral area administered by Asiatics" in Korea. He said he believed this might be the means of ending the fighting there.

Feels 2nd Brood Of Corn Borers May Be Abundant

Chicago, June 28—(AP)—A state entomologist said today it is "quite possible" Illinois corn borer population will increase during the second generation now developing.

Dr. George C. Decker said in the Weekly Corn Borer Bulletin issued by the state natural history survey and University of Illinois:

"Egg laying is complete except for a few stragglers in the extreme northern counties. Egg mass counts never did reach alarming numbers."

"In southwestern and western Illinois a very few advanced fields were treated in the last week. Any additional treatment that seems warranted should be completed before July 4. Where early corn has not been properly treated to date, borers are already in the stalks and ears and it is doubtful if treatment now will be very helpful."

"It appears that very little if any canning corn will need treatment, but corn nearing the tassel stage should be sprayed within the next week if infestation and egg counts justify treatment."

"The small number of first generation borers that survived have made very rapid growth and it is quite possible we will have an increase in the borer population during the second generation."

Concrete Storage Bin Of Girard Elevator Bursts

Girard, Ill., June 28—(AP)—A 2 foot high concrete grain storage bin split open at the Girard Elevator Co. this afternoon spilling 12,000 bushels of newly harvested wheat onto the ground.

Marshall Shutt, the elevator operator, said he did not know what caused the bin to split. He said there was a rent 85 feet high in the structure.

The grain, equivalent to nearly six full freight cars, covered the Chicago, Burlington and Quincy railroad lines for a time. But some 60 volunteer workers cleared the tracks.

In the meantime, Shutt was getting aid from nearby elevators, construction companies, trucking firms and farmers in moving the grain by truck to other storage facilities.

## COMPARE HOME-FRONT, BATTLE SACRIFICES—THANK YOUR STARS

The Korean war is two years old this month. Since the truce talks began about two weeks after the first anniversary, it is fair to say the second year has largely added up to stalemate.

Yet there is something terribly cruel in such a view of this strangest of all wars. It seems to imply that nothing is happening, that no blood is being shed. Still we all know this is not so, that casualty lists continue to be issued, that the total of men killed or wounded rises weekly by blocks of a hundred or more.

If you stop and think a moment, you realize that this war is no stalemate to the families of men whose names appear on those lists. It is bitter combat, with the full horror that surrounds any other war we have ever fought.

Equality of sacrifice is really impossible of attainment in war. No matter how noble the man feels who gives up a soft office job and heads for the plane factory or steel mill, he is not in the same category with the man who is living in mud and spilling his blood on the battlefield.

No manpower controls, no excess profits tax, no "conscription of capital" can hope to equalize home-front sacrifices with battlefield suffering.

But unhappily, we have to face the fact that the inevitable equality of sacrifice is vastly greater in this present conflict than in previous wars. This is not all-out combat in which every man has his appointed station and is expected to serve.

This is all-out war for a few—and booming peacetime, marred only by the nervous tensions of the Cold War, for the many. This is death and horror for some, and no pain at all for most others.

Perhaps it is humanly impossible for people living in a state of half-war-half peace to acquire a full consciousness of the gravity of the times unless the war strikes directly at them. Most people do not easily conjure up the troubles of another. They are absorbed in their own, however small they may seem to the man who is fighting for his life at the front.

Maybe we shall have to acknowledge that it is too much to expect citizens enjoying prosperous conditions at home to worry unduly over a war that appears quite remote, wholly confusing, and without effect directly upon them.

No one would pretend, either, that it is easy to endure the strains of the Cold War. Living on what General Eisenhower calls a "high plateau of tension" is a new experience for most Americans, and they can be forgiven for adjusting to it slowly.

Still, they ought to have enough awareness of the battlefield sacrifices of the few, not to complain about the relatively mild sacrifices they themselves must make.

You may not like your tax bill, but did you ever live in the mud for a year in all kinds of weather?

Every home-front American ought to thank his lucky stars that he has nothing more painful to worry about than some inconvenience imposed on him to make things better and easier for his fighting representatives in Korea. At home a man's life is reasonably secure. But in Korea he may die any time—even in a stalemate.

## FLYING SAUCERS REAL

Writing in Time magazine Dr. Donald H. Menzel, professor of astrophysics at Harvard, says the so-called flying saucers are as real as rainbows, and equally explainable.

They are not space ships, used by some distant people who have solved the problem of global transportation, nor are they fearsome weapons of war sent abroad to destroy. While Dr. Menzel's explanation is too scientifically involved for human understanding, his assurance they are not man-made, but scientifically explainable, will ease the fear many persons have felt.

Science has a way of approaching a problem basically. Flying saucers were reported to move at terrific speeds. That fact alone convinced scientists they were not man-made. No material known to man could move at these reported speeds and not be destroyed by friction.

Menzel has conducted various experiments to discover the saucers look different to different people, and from different angles of vision. Once he saw saucers while riding in an automobile, but could not see them when the car stopped.

The good doctor has done humanity quite a service in assuring the populace it is not to be destroyed by some fearsome thing. All man has to fear now is the atomic bomb, and he can concentrate his worries on that in the future.

## Boyle's Column

By HAL BOYLE  
 DENVER—Having trouble with your mother-in-law Joe?

Then take a tip from the Navajo! Put a silver bell on her. Then you'll hear her coming—and you can get out of her way.

The Navajos started this peculiar custom hundreds of years ago because of a superstition that if a son-in-law and mother-in-law meet face to face unexpectedly both would go blind.

They had another rather unusual solution to this old family problem. If a young Indian brave knew a widow with an attractive daughter, he would first marry the widow, then the daughter—and thus avoid having any mother-in-law trouble at all. All he had to deal with was two wives. Simple?

The Navajos, long impoverished on a vast, arid 16 million-acre reservation embracing parts of four western states, are America's largest Indian tribe. And instead of dying out they are increasing.

They still weave rugs and cast silver jewelry for the tourist trade. But they have a new source of income today—mining uranium for

the palefaces' atom bombs.

The Navajos are a pretty well-adjusted people, and some feel that this is a result of their upbringing.

Cancer and diabetes are rare among them. Tuberculosis is common, however, because of their restricted diet.

Today many paleface doctors say breakfast is the most important meal of the day. The Navajos anticipated this view with an old proverb: "What you eat before noon makes you fat." They also prefer tough to lean meat, on the theory it must stay with a man longer because it takes longer to chew.

These Indians are noted for their domestic harmony and have few quarrels. Their home is a one-room, dirt-floored dwelling called a hogan, made of logs covered with dirt. The squaw is boss indoors, and she keeps it neat.

The Navajos don't go in for divorce as a hobby, but a wife is just as free to get one as her husband. Her method is to take her husband's saddle and other belongings and put them outside the hogan. If a husband wants a divorce, he just saddles up and rides away.

With no laws to confuse them—most Navajos marry and live happily together ever after in their hogan-sweet-hogan on the range.

The first scientific expedition to Spitzbergen occurred in 1773 and was made by the English.

## JOHNSON IN HOLLYWOOD

BY  
 ERSKINE  
 JOHNSON  
 NEA Staff  
 Correspondent

Hollywood—(EA)—Mark down June, 1952, as a milestone month for Hollywood TV.

Officially it goes down in the books as the month in which Hollywood's first major studio, Universal-International, started making half-hour movies for television.

Unofficially, it will be historical as the month in which the barriers set up by the seven major film studios against TV started to crumble. MGM and 20th Century-Fox are expected to be turning out video films this fall with Paramount, Warner Brothers and RKO right behind them.

The dream of the public paying for Hollywood movies via a home coin-in-the slot gimmick and big-screen theater TV has been temporarily erased by the reality of a fading box office. If they are to survive, the major movie studios now know they MUST add commercially sponsored telefilm production to their annual program of big-screen features.

Yes, movies will be better than ever—on TV, too.

Bing Crosby's live TV debut on the Olympic Television from Hollywood convinced the Groucher that the new medium is for him. He's now ready to sign on the dotted line for a limited number of shows in the fall.

But as for a regular weekly series, he told me: "If I ever do 38 shows a season they'll have to be on film. Five or six live shows are okay."

## TV IS FOR TALENT

Let the youngsters in their 20's and 30's scream that television is for youth and they'll get an icy stare from 73-year-old Ethel Barrymore. Plunging into a weekly half-hour series of telefilms titled "The Ethel Barrymore Theater," the veteran actress declared:

"TV just for young people? Hummm. We'll see about that. TV is for people with TALENT. It magnifies flaws. You have to convey things quickly—like a good act in vaudeville."

Fabulous Ethel plays hostess and will star from time to time in the telefilms, which are being produced by Ralph Branton's Interstate Television Productions. Branton is an ex-theater club owner. Ethel's co-stars in the first two films: Arthur Kennedy, Edward Arnold and Oscar winner Walter Brennan.

## BARBS

BY HAL COCHRAN

Numerous things can cause a double chin—two women getting together, for instance.

A college professor says every man has his share of bad breaks. Our suggestion is that they be re-lined.

A California woman left her husband six times but returned each

time after four weeks. He must get paid by the month.

Very few youngsters go to music lessons—they're sent.

Next thing we know we'll be reading about some politician claiming he was misquoted by the microphone.

WHAT'S RIGHT

At a large party a newcomer to town meets another woman she would like to know better. The other woman has lived in the town a long time and has many friends.

WRONG: In a day or two she telephones the older resident and invites her and her husband to dinner.

RIGHT: She waits for the older resident to extend the first invitation—unless she makes her invitation a casual one, such as asking her to drop by for coffee.

RAIN TIPS BUCKET

New York—(AP)—Every time it rains a little gadget called a tipping bucket goes into action on the roof of the U. S. Weather Bureau.

32 floors above the Battery, to record the amount of New York's rainfall.

The tipping bucket is like a seesaw. Whenever .01 inch of rain gathers in the scoop that is up, it tips, emptying the water and bringing up the scoop at the other end.

## WEEKLY BIBLE COMMENT

## Love: the Fulfilling of the Law

BY WILLIAM E. GILROY, D. D.

The New Testament cannot be rightly understood without reference to the Old.

Christianity began with Jews, and it was a Jew who was its great second-generation interpreter.

Deep and dominant in Judaism was the conception of the Law. One can see how large a part it has in the Epistles of St. Paul, and in his efforts to relate the Law to "the faith that is counted for righteousness" and to his conception of freedom in Christ.

In His recorded words and teachings Jesus gave no such elaborate discussions and expositions as are in Paul's Epistles. In plain, unmistakable words, however, He summed up the Law in two great commandments: to love God with all the heart, and strength, and soul, and mind; love one's neighbor as one's self.

But all was not contained in that simple pronouncement. Jesus amplified it with much concerning humility and service and the essence of true greatness. Also, He brought to it an unmistakable illustration.

This was the Parable of the Good Samaritan, recorded in Luke 11. That a Samaritan, one of those with whom, racially and religiously, the Jews had no dealings, should actually be a better exponent of the commandment to love one's neighbors than a Jewish priest, or a Levite, was to put the matter in the most challenging way possible, and to assert in the strongest way that love in action meant far more than religious pretentiousness or any professed superiority.

Jesus did not mean to imply for a moment that Samaritanism was better than a priest or a Levite. As a matter of fact there was much war against the attitude of the Jews toward the Samaritans.

These colonists had brought their various pagan religions with them, but when trouble came upon them, as recorded in II Kings 17: 24-41, they had a Jewish priest come among them to instruct them in "the religion of the land."

The result was a corruption of Jewish religious elements with paganism. But this was not all.

They refused to let Jews pass through Samaria on their way to their religious feasts, and they tried in every way to hamper and oppose the Jews who at a later time returned from Babylon to rebuild Jerusalem (See the Books of Ezra and Nehemiah).

Yet a man of that background, despised by the priest and Levite, who with their background and profession ought to have been the foremost in neighborliness, was the real man of love and compassion. It is character and action that count, not profession, or pride of heritage.

It is a parable for Priests and Levites, and for all "good Christians," who are not Good Samaritans in heart and action. Love is the fulfilling of the law.

Summer is the harvest time for most insects. They will devour your best vegetables and ruin your finest flowers if you neglect dusting. Regular attention before damage is done will keep the garden fresh and green.

## A Glance INTO THE PAST

## 10 Years Ago

Fritz Rolf of Merritt was injured in a farm accident.

Ray L. Crouse died at a hospital in Jacksonville.

Raymond S. Ranes, principal of the Ashland Community high school, enlisted in the U. S. Army.

Heavy rains seriously damaged the wheat crop in Greene county.

## 26 Years Ago

Charles Napier Thompson, 91, died at his home in the Alexander apartments.

Frank Sullivan, chief of the Jacksonville Fire Department was awarded a diploma at the firemen's short course at the University of Illinois.

The Prostermann-Spiesberger clothing factory reopened with 150 men and women on the job.

The Central Christian Church auditorium was to be redecorated.

## 50 Years Ago

A large engine on an Alton freight train broke down north of Jacksonville and an engine had to be sent from Roodhouse to pull the train out of the yards.

Things were quiet at the City Hall in Jacksonville. No arrests had been made by police in eight hours and no fire alarms were received.

Judge W. A. Gillham died at his home four miles north of Winchester.

In spite of rain there was a good sized crowd in the Jacksonville business district.

## Rivals for King-Maker Honor Seek 4-Year Power, Influence

BY PETER EDSON

NEA Washington Correspondent  
 Chicago—(NEA)—There's another race on at Chicago, in addition to the race for the Republican presidential nomination. It's the battle of the king-makers.

Who will be the men who swing the deals that swing the votes that throw victory to one candidate or another? Who are the men who will occur the smoke-filled room where the final deals, if any, are made?

The rivals for this honor want it primarily for the power they hope it will give them in the next four years—if the Republicans win the election. And even if they don't win, the influence of even a defeated party's boss is supposed to be something.

The first place these would-be President-makers turn up is in the states with large uncommitted delegations. Michigan's uncommitted 33 of 46 delegates and Pennsylvania's uncommitted 25 of 70 delegates are the big chips here.

If this combination of 58 unpledged delegates could be used to swing the full two-state slate of 116 votes, it could make or break Taft or Eisenhower. That is why many delegates like to hold back and play hard to get.

The key men in these two states are National Committeeman Arthur Summerfield of Michigan and Gov. John S. Fine of Pennsylvania. Neither fully controls his state delegation.

Senator Taft claims 24 of the Michigan delegates, but has only six for sure. Eisenhower is given seven. The 33 unpledged hold majority control.

Fight Coming Within Pennsylvania Delegation

In Pennsylvania, Governor Fine has two powerful blocks to contend with. Some 20 delegates lean towards General Eisenhower. They are under the leadership of Sen. James H. Duff.

Taft is given 18 sure Pennsylvania delegates but claims 25 under David S. Ingalls of Cleveland, a Taft cousin. Tom Coleman of Wisconsin is Taft's convention floor manager. Congressman Clarence Brown of Ohio and B. Carroll Reece of Tennessee are big wheels.

Others include Ohio GOP Chairman Ray Bliss former GOP National Chairman John D. M. Hamilton, Taft's (formerly Stassen's) campaign manager, Vic Johnson, and his secretary, Jack Martin.

These are the potential powers behind the now empty thrones—the wire pullers and fixers to watch for at Chicago.

## Meat Loaf For Holiday Party

BY GAYNOR MADDOX

NEA Food and Markets Editor

For that gala Fourth of July gathering of your club, church, the volunteer fire department or the family clan, you'll need simple, delicious and sure-fire quantity recipes. The menus and recipes given below are for sit-down meals served from a kitchen—on the lawn, in the gym or meeting hall.

MEAT: Chicken rice soup, master meat loaf, scalloped potatoes or spaghetti and cheese, glazed carrots, assorted pickles, hot French bread, ice cream with crushed strawberries, milk, coffee, tea.

## Master Meat Loaf

(Portions: 48 3½-ounce slices)

Two cans (3-pound, 3-ounce size) condensed tomato soup, 6 pounds ground beef (chuck), 3 pounds ground pork shoulder, lean, 9 ounces bread crumbs, 1 cup chopped parsley, 1 cup chopped celery, 1 cup finely chopped onion, 6 medium eggs, beaten, 4 tablespoons salt, 1 tablespoon pepper, 5 tablespoons Worcestershire sauce.

Combine half of the soup (1 can) and all remaining ingredients, using the mixing machine set at low speed for approximately 1 minute. Shape into loaves or pack 3-pounds 10-ounce mixture per pan into 4 loaf pans (13x4x3) deep. Bake at 350 degrees F. for one hour or until the interior temperature is 185 degrees F. Remove loaves; cut 12 slices per pan. Pour in remaining soup and simmer 5 minutes. Pour sauce over

loaves.

**3 Drivers Named Defendants; Ask Heavy Damages**

Damages aggregating \$89,000 against drivers of three automobiles were asked by Carl E. Edwards, 17 year old White Hall youth, and his father, Elvis W. Edwards, in a suit filed Saturday morning in Morgan county circuit court. They are represented by Julian Hutchens and Edward J. Flynn, attorneys.

The suit was brought as the result of a four-car smashup which occurred about 11 p.m. March 1, 1952, on U.S. 36-54 at a point four miles east of Jacksonville.

Edwards set forth that he was driving east when his car suddenly failed to operate, causing his car to stop on the south side of the pavement. The plaintiffs charge that Jack Martin, Jr., traveling east, collided with the Edwards car. They allege that Martin Reiser, also driving east, struck Martin's car, driving it against the Edwards machine. They allege that a car driven by Clyde Evans, eastbound, stopped on the north half of the pavement, blocking traffic and causing Martin to run against the other machines. The plaintiff charged that the other drivers failed to observe and comply with his signals. Negligence on the part of the three defendants was charged.

Carl E. Edwards asked \$20,000 for personal injuries from each defendant. Elvis W. Edwards asked \$3,000 expense damage from each of the three defendants.

**Watch Health During Summer**

BY ALICIA HART  
NEA Beauty Editor

Watch out for the summer cold. It can ruin your vacation, spoil week-ends of fun with your teen-age friends, and generally make life miserable.

The best way to approach the problem of the summer cold, is to do everything possible to prevent it. For one thing, don't get into the habit of hanging around the beach for hours in a wet bathing suit. Keep away from people who are already infected with cold germs. Get enough sleep and eat the proper foods.

But if, despite precautions, you still find yourself a victim of colds, sniffles and sneezes, treat your condition just as you would in the wintertime.

First, take to bed for a day or two so that your system will be assured plenty of rest and quiet. Citrus fruits and juices are absolutely essential to help you through this trying period.

Bar any additional germs by gargling frequently with a safe, effective antiseptic. If you don't show signs of recovery within a few days, better pay a visit to your doctor.

It certainly takes very little effort on your part to prevent colds during the summer months. But how much more you will enjoy yourself, if you stay well.

**Sport Clothes Feature Fashion**

New York—(NEA)— Anyone for tennis?

If so, what kind of figure do you cut on the courts? Well-covered but dowdy? There's no need to look that way. The newest fashions for the tennis court provide the right cover-up coupled with adequate cut for freedom of action.

Our model (left) demonstrates this actively in a blouse of linen-weave rayon by Ship and Shore. This is cut sleeveless and has extra-long shirttails that will stay tucked in no matter how you twist, bend or stretch. The collar is neatly convertible.

Worn with it are shorts that are smoothly tailored and cuffed, terminating at exactly the right length. The whole affair is cinched at the waist by a wide, elasticized belt equipped with a coin purse.

If fishing's your dish, there's a rainbow-striped blouse (right) to wear while you angle. In white cotton broadcloth, it has oversized patch pockets that will hold flies or bent pins. Both blouses are in the budget class.

**Sunburn Can Be Dangerous**

BY ALICIA HART  
NEA Beauty Editor

There's nothing quite so wonderful—or dangerous—as sunbathing. One minute it can touch your skin with warmth and bronzed beauty, and in the next cause permanent destruction to your skin texture, to say nothing of wrinkles, drying, pain and discomfort.

If you are a sun worshiper who wants to avoid past mistakes that have resulted in seared skin, a screaming red nose and peeling shoulders, look for a suntan lotion that offers you protection, plus a potential tan.

One such lotion, which has received the stamp of approval by the Committee on Cosmetics of the American Medical Association, cuts out most of the burning rays, yet allows the all-important tanning rays to come through.

The same chemical sun screen as that used in the armed forces—para-aminobenzoic acid—is incorporated into this lotion, thus creating a greaseless, invisible film which dries off immediately.

A new plastic bottle helps to make the lotion an ideal beach and travel companion. It can, however, also be found in its original glass container.

You must use your common sense

This bather takes no chances on a sunburn. She applies a suntan lotion that screens out burning rays while allowing her to get a healthy, even tan.

**Household Hints**

Raisins are such a good source of the food mineral, iron, that they should be served often in family meals. Put raisins in puddings, muffins, cake, cookies, salads and sandwiches.

If you want a meat or fish loaf to be moist after baking, add enough milk so that the loaf barely holds its shape before you put it in the oven.

If you are using canned coconut in a curry dish, be sure to chop any long shreds into shorter lengths.

A tight cover on a saucepan will keep steam in the pan and make for uniform cooking; tight covers also permit cooking with low heat in the smallest possible amount of water.

## Program, Display End Bible School At Walkerville

White Hall — The Walkerville Baptist church closed a two week daily Vacation Bible school with a program and a display of the work done at the school Friday night at the church.

Rev. Lloyd Spencer was superintendent of the school with Mrs. Arthur Powell and Mrs. Spencer in charge of the intermediate group, Mrs. Laura Pruitt and Mrs. Mildred Howard in charge of the juniors and Mrs. Bob Hubbard and Betty Newman in charge of the primary department.

Attendance averaged 36 per day. The juniors made nylon corsages and stenciled designs on dish towels. The intermediate pupils made wooden whist shovels and the beginners made potholder hangers. A group of women from Hillview served refreshments on Thursday to the pupils and on Friday noon the group had a picnic with ice cream and cookies.

**Receives Membership Prize**

The Hillview Auxiliary of the American Legion, which has been formed within the past year, received a \$5 prize at the district convention held recently in Petersburg, for first place in membership gained during the year.

Mrs. Olive Cotter is president. The award was given to Mrs. Goldie Hunsicker, who attended the convention.

IT HAPPENS EVERY SUMMER—Fred Butler, of Cambridge, Mass., is high and dry atop the cabin of his cruiser, as he chops three inches of molding from each of two houses so that he may move his home-made craft from the back yard. He also had to chop down six trees, tear up a wire fence, and remove some shrubbery, to free the landlocked craft.

## District Leader To Install Chapin Legion Officers

Chapin—Commander Lewis Winters, who was elected head of the 20th district at the American Legion convention at Beardstown Sunday, will be installing officer for Chapin post 878 on Wednesday. Election of officers for the Chapin post will precede the installation ceremonies.

The Chapin Legion post is third highest in the 20th district in percentage of membership increase over last year. The post received a trophy for this record at the district convention.

The commander is Ellsworth Riggs, through whose leadership the post increased its membership and paid off its indebtedness on the Legion Home. Riggs was a member of the First Cavalry division in the Pacific theatre during World War II.

All local Legionnaires are urged to attend the meeting Wednesday.

## DRUGSTORE LIQUID SALES RESTRICTED

Charlottesville, Canada — (AP) — Police reported a considerable reduction in sales of shaving lotion and similar drugstore liquids since provincial restrictions on such purchases went into force.

In former years the liquids were used as intoxicants by homeless beggars.

## BOYS START FIRE

New York — (AP) — Three small boys playing on the roof of a Bronx apartment house dropped a burning mop over the edge and set four fires.

The mop ignited drying laundry on window sills of the fifth, fourth, third and second floors which in turn set fire to window curtains. Fire apparatus extinguished the multiple blazes before flames spread to the structure itself. The boys fled.

## Roodhouse

Roodhouse—Sunday guests in the home of Mrs. Margaret Sullivan were Mr. and Mrs. Wm. Fishback and daughter of Springfield, Mrs. Charles P. Thompson, and Miss Anne Duer of Jacksonville, and Mr. and Mrs. Charles Sullivan of Carrollton.

Mrs. Donald Hamm and two children, Barbara and Donald have returned to their home in Kewanee, while here they visited in the G. G. Hamm and Ralph Hamm homes.

Five young people from the Church of Christ are attending the C.Y.F. summer camp at Old Salem, near Petersburg. They are Sharon Adams, Nona Rae Fry, Terry Hutton, Terry Turner and Tommy Turner.

J. W. Tennill was able to be moved from the Brokaw hospital in Bloomington to the Missouri Pacific hospital in St. Louis, Tuesday where he will remain for tests and observation.

Recent visitors in the Russell Deck home were Mr. and Mrs. Gilford French of Joliet, Mrs. Anne Havrilla and two grandchildren of Pennsylvania and Mrs. Andrew Havrilla of Killeen, Texas. Mrs. Andrew Havrilla was the former Anne Deck. She was accompanied to her home by Mrs. Havrilla and the children.

Mrs. Darrell Evans, who has been with her husband in California, has returned to the home of her parents. Mr. and Mrs. Russell Deck, Mr. Evans is serving in the Armed Forces and is soon to be sent to Japan.

In place of the regular weekly meeting the Rotary club attended the baseball game in St. Louis Tuesday night. They had as guests their wives and friends; 75 went from Roodhouse and about 42 from the Lions Club of White Hall.

The President of the United States had to pay for his own transportation up until the time of the automobile.

## Public Library News Notes

Vacation time is the student's opportunity to read books of his own selecting. Many of the new fiction works at the Jacksonville Public Library will be particularly interesting to college and high school students.

"Shining Trail" by Fuller mingles the breathtaking action of the last Indian rebellion led by Black Hawk, with the romance of that chief's adopted son, Chaske, loved by fair-haired Charlotte and Nanisa, an Indian girl.

Coatsworth's "The Enchanted" is the incredible tale of a young man's strange romance in the magical northern Maine woods, and his very real struggles in starting a farm.

In "Morning Journey" Hilton tells of Carey Arundel who wanted to be an actress, and of the unpredictable genius-producer, Paul Saffron, who had the power to make her one.

Rona is engaged to a young journalist, Scott Ettley, who is torn between commitments to "the party" and a desire for a normal course of love and marriage. Paul is also in love with Rona. These complications are finally resolved by Hight in "Neither Five nor Three."

"Tara's Healing" by Giles tells how a sophisticated and neurotic physician regains his peace of mind in the Kentucky hills. Those who read about the city teacher, "Miss Willie," and her adjustment to the hills will enjoy meeting these characters again.

Annixter's "Brought to Cover" includes "Secret of Coon Castle," "Ketch Dog," "Loose Tiger" and a dozen other tales of action and adventure.

These and other titles are included on a list of "Fiction for Young Adults," posted on the library bulletin board.

## Ashland Woman Falls Over Pipe, Injures Shoulder

Ashland—Mrs. Mabel Leahy had the misfortune to trip over a pipe in her yard Tuesday evening, which led from the basement out into the yard. She was going to pick up a box that had blown from off her flowers. She fell on the concrete walk and dislocated the left shoulder.

She was taken to St. John's hospital, Springfield, and her shoulder has weights on it. She will have to remain in the hospital for several days.

Arrangements have been completed for the Youth Center trip to St. Louis, Mo., to attend the Cardinal ball game July 15th.

A chartered bus will leave Ashland at 11 o'clock that day and stop at the park for a short time for lunch, then to the ball game. This is for the Youth Center members only and you must be registered with Junior Hexter at the store by Saturday, June 28th, or Monday, June 30th.

Donnie Thomas and H. A. Votmmer have enrolled in the seventeenth annual session of Premier Boys State in Springfield. Youths from all over Illinois have registered for the eight day term of the American Legion citizenship school.

Mr. and Mrs. Clayton Bell have returned home from a vacation trip through Tennessee, Georgia, Indiana and Kentucky. They traveled 1400 miles. They went through Rock City Gardens and went to the top of Lookout mountain. They visited relatives in Kentucky and at Monticello, Ky., where Mr. Bell was born.

Friends here received word of the death of James Richard Speaks, 81 years old, who passed away at his home in Calva, Calif., of a heart ailment. Mr. and Mrs. Speaks were former Ashland residents. Mr. Speaks operated a work shop here.

## NEW BERLIN

New Berlin—Rev. John Scott of Winchester, area director of Baptist Missions, will be the speaker at the First Baptist church Sunday, June 29.

The Missionary society of the First Baptist church met for an all-day session Wednesday with a potluck dinner served at noon. Miss Gertrude Waterman, a returned missionary from Japan and China addressed the meeting in the afternoon.

Miss Mary Anders, 88, of Nokomis who has been a summer guest at the home of her nieces, Misses Minnie Marie and Louise Eckart will make her home with them.

Tony and Bob Richart are spending the week with their grandmother, Mrs. Wehrmann in Springfield. The 4-H club girls gathered for their regular meeting Tuesday at New Berlin high school. Mrs. Ed Pullion and Mrs. McGinn were in charge. Demonstrations were given by the girls.

Miss Irene Lewis is spending this week at Lake Springfield working with Baptist youths at the church camp.

Buddy Barker is spending a week's vacation at the home of his grandparents in Edina, Mo.

Mrs. George Hart was hostess to the Bunco club Wednesday afternoon.

Louie Roberts, of Morgan and Roberts Farm Equipment company, returned from duty with the Marine Corps June 2 after being recalled to active service last year as a lieutenant in the Marine Reserves.

**NO MERE MIRROR ILLUSION**—Robert Werner, 21, isn't doffing his mortar board in self-congratulation, he's saluting his brother, Richard. The identical twins, sons of Mr. and Mrs. Herbert S. Werner, of Rosedale, L. I., graduated from Rensselaer Polytechnic Institute, in Troy, N. Y. So alike are they that even their girl friends can't tell them apart—except by the shape of their ears.

## CARROLLTON

Carrollton — Fred Burnham, chairman of the Greene county chapter of the American Red Cross has called a meeting of officers of the organization to be held Monday evening in the office of Mrs. Herschel Heckley, executive secretary of the chapter. Organization plans will be made at this meeting.

The Carrollton-Lions club is sponsoring an ice cream and home made cake social to be held Saturday, June 28, on the court house lawn. Plans for the social were made at the Lions annual chicken fry which was held Thursday evening at the Greene county fairgrounds. Plans were also made to have a hot dog and soda stand at the Greene county agricultural fair in conjunction with the Carrollton Boy Scout troops who are in charge of sales on the grandstand during the fair.

Cliff Jordan of East St. Louis, a former member of the Lions was guest Thursday evening at the supper.

About two-thirds of Haiti is rugged mountain, according to the Encyclopedia Britannica.

### Chapin Christian Church Group Has Potluck Guest Day

The Pastoral Helpers of Chapin Christian church met recently for a potluck dinner and guest day in the church basement. Fifteen guests and 15 members were present. Serving as hostesses were Mrs. Wilson, Mrs. Watts and Miss Mardell Rigor. The group sang "What a Friend We Have in Jesus" and repeated "The Lord's Prayer" in unison. Miss Elva Thorndike read from the Scriptures.

Following roll call the guests were introduced. Mrs. Lena Detmer, retiring president, thanked the society for their cooperation during her past four years in office.

Adelaide Brockhouse, Ruth Callay and Della Anderson were in charge of the benediction and social hour. Several contests were enjoyed.

Guests included Mrs. Louis Nor-trup, Mrs. Neal, Mrs. Ernest Neinhuse, Mr. and Mrs. Fred Schultis, Mrs. Wilber Williams, Mrs. Nettie Detmer, Mrs. Virginia Goodrich, Mrs. Treanopol Hymes, Mrs. Beatie Waters, Rev. Wilson, Mrs. Ojette McDaniel, Gale and Donny Rigor and Lovana Schone.

Mr. and Mrs. Robert Thomsen and daughter, Joann and Mr. and Mrs. James Baumann of St. Louis were callers at the home of Mrs. Ellen O. Coultas. Later they all drove to Macomb to visit Mrs. Grace Welch, who is Mrs. Thomsen's sister.

Biggest bite out of the sales price is taken by Uncle Sam with eight cents in excise tax. Sales taxes of three cents and seven-tenths of a cent in income taxes boosts total taxes to 11 cents—just half of what the pack costs you.

### S. Jacksonville Cub Scouts Given Awards At Picnic

Cub Scouts of the South Jacksonville Cub Scout pack and their parents attended a potluck picnic Friday evening at Nichols Park. Total attendance was 65, which included boys from seven dens. Desert and beverages were furnished by parents of Den 7, of which Mrs. Richard Wells is Den Mother. The following awards were earned and presented to Jimmy Stout, wolf award; David Colleps, two silver arrows on his wolf award; George Hoagland, a silver arrow on his bear award; Jerry Hildebrand, three silver arrows on his bear award and Billy Thomson, the Webelos award. Yearly service stars were awarded to Roger Riggs and David Steelman.

At the close of the picnic plans were discussed for a St. Louis boat trip to be taken in July by the Cub Scouts and their parents.

### Births

Announcement has been received by Mr. and Mrs. William E. Douglas, 818 South Clay avenue, of the birth of a daughter to Mr. and Mrs. Donald Strawn of San Francisco, Calif., on June 24. The child weighed five pounds and four ounces. Mrs. Strawn is the former Roberta Seymour, daughter of Mr. and Mrs. Robert Seymour of South Pasadena. Mr. Strawn is the son of Mr. and Mrs. Harold Strawn of San Francisco, all former residents of the Jacksonville community.

### ELKHORN 4-H GIRLS DEMONSTRATE MAKING SANDWICHES, EGGNOG

The Elkhorn Happy Hour 4-H club met Thursday June 26, at the home of Patricia and Frances Casey.

The president called the meeting to order, and roll call was answered by naming one's favorite movie star. The minutes of the last meeting were read.

Patricia Casey demonstrated "How to Make Eggnog."

"How to Make Toasted Cheese Sandwiches" was Frances Casey's topic.

Talks included "Eggs in the Diet" by Marjorie Riley and "Cooking Eggs" by Betty Worrall.

After the demonstrations a guessing game and "drop the cloths" in the bottle" were played. Group singing was enjoyed.

Refreshments of toasted cheese sandwiches and eggnog were served. The next meeting will be held Thursday, July 3 at the home of Rose and Marjorie Riley.

### Driver Of Truck Pleads Guilty To Three Charges

Irving Mitchell, 51, of Illinois avenue entered a plea of guilty to three charges when arraigned before Judge Paul Fenstermaker in Morgan county court Saturday morning.

State's Attorney Albert Hall appeared for the People in the case. Mitchell entered a plea of guilty to charges of driving a motor vehicle while under the influence of liquor, leaving the scene of an accident and driving without an operator's license.

The defendant made a motion for probation.

According to the complaint Mitchell's pickup truck was involved in a series of accidents on Hardin avenue Tuesday night. Two automobiles were sideswiped, according to officers.

After hearing the evidence presented by State's Attorney Hall, Judge Fenstermaker placed Mitchell under \$1,000 bond and his case was continued until July 3.

Failing to provide the necessary bail, Mitchell was taken to the Morgan county jail.

### Carrollton Man Wounded In Korea

Carrollton—Word has been received from the War Department in Washington that Cpl. Sam White, Jr., son of Mr. and Mrs. Sam White, Sr. of Carrollton, was wounded in action in Korea June 16. His wife, the former Delman Grace Sabastian, has received no further communication from him.

Cpl. White, in military service for a year and a half, has been on active duty in Korea with the Marine Corps since December of 1951.

In the days before the white man came, Kentucky was known by the Indians as "The Dark and Bloody Ground" because of the wars between the Iroquois and Cherokees for its possession.

### LAYING MASH

New, improved Dixie Laying Mash is higher in feeding efficiency—contains less fiber. Leading poultry scientists like Dr. E. P. Singens of the Connecticut Experiment Station have found that hens fed a high efficiency laying mash require 1 lb. less feed per dozen eggs than do hens on a standard normal ration.

The feeding efficiency of Dixie Laying Mash has been stepped up, first, by reducing the fiber and replacing it with usable nutrients. Poultry use fiber to a very limited extent, most of it passing through the body undigested. Secondly, by better balancing the vitamins, amino acids and minerals to meet the hen's requirement for maximum egg production and top body condition.

Get more eggs, better eggs, economically over a long laying life by feeding New, Improved Dixie Laying Mash.

## Observe Birthday Of Lyndall Symons Near Murrayville

Murrayville—Mrs. Lyndall Symons held a buffet supper Wednesday evening, honoring the 38th birthday of her husband at their country home east of town.

The guest list included members of the Couples Supper club. Those present were Mr. and Mrs. Harold McCarty and Mr. and Mrs. Howard Becker and children of Jacksonville, Dr. and Mrs. T. L. Wilson, Mr. and Mrs. Herman Baker, Mr. and Mrs. Walrus Bealmer and Mr. and Mrs. Andy Ommen.

A birthday cake topped with lighted candles centered the table.

Bridge was played during the evening and the guests made recordings, using the piano and Hammond organ.

Don Adams of Knoxville, Iowa, spent last weekend with his sister and brother-in-law, Dr. and Mrs. T. L. Wilson and family. He is with the Army engineers, located at Fort Belvoir, Va.

Mr. and Mrs. John H. Denman of Weir, Kans., are visiting her parents, Mr. and Mrs. R. E. H. Curtis, and other relatives here this week. On Tuesday they were accompanied by Mrs. Denman's sister, Mrs. William Joseph, on a trip to Colfax, where they visited their grandparents, Mr. and Mrs. Joseph Small.

Mr. and Mrs. Robert Mutch and grandson, Larry Grider, spent Sunday with Mr. and Mrs. Donald Mutch and children of Atwood.

### AMERICANS TEACH INDUSTRIAL KNOW-HOW

Regene, Italy.—(AP)—In this beach resort, American industrial experts have recently completed a school course to train teachers for higher output from Europe's factories.

It is the first school of its kind in Europe. Nine Americans, one Austrian and one Italian directed classes. Twenty-five production "students" from Austria, Germany, France, Italy, Holland and Denmark attended.

These lessons will be carried to foremen in demonstration plant projects throughout Europe. The program aims at more production by reducing waste and inefficiency.

## Church Class Is Entertained At Home In Chapin

Chapin—The last meeting of the Loyal Gleaners class of the Chapin Christian church was held at the home of Mrs. Mabel Bobbitt.

The class president, Mrs. Anna Delpha, called the meeting to order and the group sang "Faith of Our Fathers" followed by a prayer by Mrs. Bobbitt. The scripture was taken from the fourth chapter of Romans and was read by Mrs. Nina Neil. Roll call was answered by giving a verse with the word "father" in it.

The program chairman was Mrs. Helene Schultis; Mrs. Mary Wilson and Mrs. Della Anderson presented the program.

During the social hour Mrs. Bobbitt passed around a book of pictures of different races, their life and religious interests. Refreshments of cake and ice cream were served. The next meeting will be July 1st with a potluck to be served at the Chapin Christian church. Guests present were Marilyn Joyce and Barbara Jean Gilliland.

## Bankers Hear Talk On 3 Amendments

Attorney Hugh Green of this city, veteran member of the House of Representatives of Illinois, addressed the officers and staff members of the bank of Morgan, Cass, and Scott Counties at the meeting of the Tri-Country Federation of Banks on Thursday evening at the Virginia Country Club.

He pointed out that in November of this year the voters will have an opportunity to vote on amendments affecting three articles of the Illinois State Constitution. This is the first time that this has occurred. The Gateway Amendment adopted by vote of the people in 1950, permits three proposals.

Mr. Green gave particular attention to the proposed amendment affecting the liability of stockholders of stock in State Banks. He pointed out that in 1937 Congress had removed the double liability of holders of stock in National Banks and stated that, out of the 48 States, only three, Arizona, Minnesota and Illinois, have failed to take similar action with reference to State Banks.

The speaker commented on the fact that in Illinois from 1939 to December 31, 1951, the number of State Banks decreased from 803 to 509, although during the same period the number of National Banks has increased continuously.

Further, he said: "While the number of State Banks have been decreasing in Illinois, the trend appears to have been otherwise elsewhere. According to the Federal Deposit Insurance Corporation, the ratio of new State Banks openings to Nationals was approximately 5 to 1 in all of the United States last year. This is in striking contrast to Illinois."

Mr. Green labeled the proposed amendment as a "move in the right direction," pointing out that experience showed that in Illinois in the 30's the double liability afforded wholly inadequate protection, providing only five cents on the dollar for depositors.

Representatives from 12 of 14 banks in the three counties attended the meeting.

William Schildman of the Farmers State Bank and Trust company, Jacksonville, presided at the session. President Schildman explained the support being given the Blue Ballot Banking Amendment by the Citizens' Committee.

An election of officers was held which includes president, William J. Devlin of Petefish Skiles company, Virginia; vice-president, Walter Lohman of the State Bank of Ashland in Ashland and secretary-treasurer, P. M. Markillie of Neat, Condit and Grout National Bank in Winchester.

## House Votes Bill To Finance Bases

WASHINGTON (AP)—The House today voted \$1,200,000,000 in special appropriations for American Air Bases at home and throughout the world.

It upheld cuts of 568 million which the appropriations committee made in administration requests for air base construction, including fields.

The Air Force figures were included in a \$2,187,899,840 military public works program covering all three services for next year.

After finishing military subjects, the House turned to a \$6,275,940,750 foreign aid budget for next year. Further efforts to cut President Truman's \$7,900,000,000 program even more were in prospect.

## Amateurs Will Give Programs At Waverly

Waverly—The list of persons who have already signed to appear on the Amateur Show to be held at the American Legion picnic here next month, have given ample proof that a real variety of entertainment will be presented for the benefit of those who attend the picnic on the nights of July 16 and 17.

The early entries include numbers featuring vocal and instrumental music as well as three different types of dancing numbers.

Entries are still coming in for the contests, and will be accepted up until Saturday, July 5. Entries may be mailed as long as they are postmarked not later than that date. All entrants should submit their entry to Al Hodgson listing the number of persons in their act and the type of entertainment to be provided. The only restriction as to who may enter the contest is that all contestants must be over six years of age.

The American Legion will award cash prizes to contestants at each contest. First prize on each night will be \$50.00, second prize, \$25.00, and third prize, \$10.00.

## Ashland American Legion To Sponsor Midget Races

### Softball Park Made Into Track, Start Monday

Ashland — (Special) — The auto racing craze which is sweeping the nation in the form of daredevil stock car sprints, has hit this Cass county town.

Micro-midget racing, a comparatively new form of the sport, will get underway at the Ashland softball park Monday night, June 30. Races will be held every Monday night starting at 8 o'clock, standard time.

The Ashland races are being sponsored by the American Legion.

Engine size of the little cars is limited to 18 cubic inches. Piston displacement is approximately the size used in motor scooters and small motorcycles. Wheelbase is from 56 to 62 inches, tread 36 to 40 inches and tire size 5 to 5 1/2 inches.

Four Ashland businessmen own this micro-midget. Harold Bast, one of the owners, is shown at the wheel.

In spite of their small size and limited horsepower, speeds of over 70 MPH have been turned in by some of the home-made autos. The midgets race on a 1/10 mile dirt track.

## Bobby Shantz Breezes To 13th. Humbles Yanks 12-0

New York, June 28 — (P) — Bobby Shantz, the mighty mite of the Philadelphia Athletics, breezed to his 13th victory of the season today as the A's humiliated the world champion New York Yankees, 12-0.

Shantz permitted only two safeties and also participated in the 14th-inning assault against Johnny Sain and Tom Morgan, driving in two runs on a single, double and squeeze bunt.

Gus Zernial was the big man for the A's, batting in five runs on his 11th and 12th homers of the season. Zernial connected with one aboard in the first inning and climaxed a six-run second inning uprising with a three-run homer.

New York, 000 000 000-0 2 4

Shantz and Astor: Sain, Morgan (3) and Beria, Houk (5). LP: Sain. HR: Phil-Zernial (2).

### ATHLETICS-YANKS IN NEAR FIGHT

New York, June 28 — (P) — Tempers flew in the seventh inning of today's game between the Philadelphia Athletics and the New York Yankees after a close pitch to first baseman Ferris Fain of the A's.

The flareup occurred when Yankee relief pitcher Tom Morgan threw a pitch that made Fain hit the dirt. Fain charged to the mound, but the umpires separated Fain and Morgan before either could throw a punch. Just as peace was restored, Dave Philley, the next Philadelphia batter and Yankee catcher Ralph Houk squared off but they too were parted before any damage was done. Fain and Morgan resumed their pickering but order was finally restored.

None of the players were put out of the game.

## Australian Youths Bump Off Top Yank Team At Wimbledon

Wimbledon, England, June 28 — (P) — A team of teen-agers from Australia defeated Gardner Mulloy and Dick Savitt, America's top doubles combination, today in the blizkest upset of the all-England Tennis tournament.

Lewis Hoad and Ken Rosewall, both 17 years old—their combined ages don't add up to Mulloy's 38 years—took everything the Americans could offer, and went on to win the third round match, 6-4, 8-6, 1-6, 3-6, 7-5.

The youngsters' triumph underscored Australia's world supremacy in doubles. Earlier, the ace Aussie team of Frank Sedgman and Ken McGregor, champions of virtually everywhere, knocked out the only other American team in the tournament, Herb Flam and Art Larsen—5-0, 3-6, 6-4, 10-8.

These two matches, played in 92-degree heat, stole the spotlight from the women, who filled out their quarter-final bracket. Four, including Louise Brough of Beverly Hills, Calif., and Shirley Fry of Akron, O., gained the round.

Chicago at Cincinnati — (2) — Lown (3-4) and Klippstein (4-6) vs. Church (0-2) and Perkowski (5-5).

## Indians Advance In Standings, Win 5-1 Over Chisox

Chicago, June 28 — (P) — Cleveland moved from a fourth-place tie to a near second-spot deadlock today with a 5-1 win over the Chicago White Sox behind Mike Garcia's canny eight-hit pitching and a 10-blow attack, including homers by Larry Doby and Luke Easter.

Garcia's 11th decision against five losses enabled the Indians to break their fourth-place knot with the White Sox and move into third, only four percentage points behind runner-up Washington.

By Innings: Cleveland, 030 000 101-5 10 1  
Chicago, 010 000 000-1 8 0  
Garcia and Tipton: Stobbs, Dorish (3) and Lollar. LP: Stobbs. HR: Cle-Doby, Easter.

## Senators Claim 5th Straight, Whip Bosox 5-1

Boston, June 28 — (P) — Discarded by the Boston Red Sox about two weeks ago, veteran Walt Masterson avenged himself against his former teammates today by turning in a five-hit pitching performance that gave the Washington Senators their fifth straight victory, 5-1.

It also enabled the Senators to take over second place from the Red Sox, who dropped down to fourth.

The Senators clinched the game with a four-run assault against rookie left Delock in the sixth inning. Erratic throws by infielders George Kell and Vern Stephens aggravated matters greatly for Delock.

By Innings: Washington, 000 004 100-5 9 0  
Boston, 001 000 000-1 5 2  
Masterson and Grasso: Delock, Scarborough (6), Trout (7) and White. LP: Delock.

## Quincy Golfer Wins Illinois Amateur Title

Quincy, Ill., June 28 — (P) — Home-towner Larry Moller today won his third Illinois State Amateur golf title from Dave Logan of Chicago 3 and 2 in the 36-hole finals.

Moller, 44-year-old tournament regular who won titles in 1935 and 1937, defeated the former University of Illinois golf captain on the sweltering Quincy Country Club course.

He gained the finals yesterday by dropping a 30-foot birdie putt on the 18th green to beat George Victor of Glenview, 1 up.

Logan, 27, and captain of the University's 1950 golf squad, beat Bill Hagerty, 24, of Macomb, 2 and 1 to reach the final round over the 6,486 yard course.

Biggie Munn, Michigan State football coach, has had the pleasure of watching five of his assistants move to head college coaching positions.

Chicago, June 28 — (P) — Nine different teams are honored on the American and National League starting units for the All-Star baseball game at Philadelphia July 8, announced today after a 22-day poll of nearly four million fans.

The poll conducted by the Chicago Tribune was headed for the second straight year by Stan (The Man) Musial, brilliant St. Louis Cardinal outfielder, who bagged 1-291,532 votes in the far-flung balloting.

The first-place New York Yankees and Cleveland Indians dominated the American league with three starters each, the Chicago White Sox and Boston Red Sox landing one apiece.

The National loop's eight starters, included two each from the Cardinals, first-place Brooklyn Dodgers and runner-up New York Giants, and one apiece from the Chicago Cubs and Philadelphia Phillies.

Here was the way the 3,991,284 voting fans ordered manager Casey Stengel of the Americans and Leo Durocher of the Nationals to start the All-Star teams:

**American League**  
First base—Eddie Robinson, Chicago  
Second base—Bobby Avila, Cleveland  
Third base—Al Rosen, Cleveland  
Shortstop—Phil Rizzuto, New York

Left field—Dale Mitchell, Cleveland  
Center field—Dom DiMaggio, Boston  
Right field—Hank Bauer, New York

Catcher—Larry Berra, New York  
**National League**  
First base—Whitey Lockman, New York  
Second base—Jackie Robinson, Brooklyn  
Third base—Bobby Thomson, New York

Shortstop—Gran Hamner, Philadelphia  
Left field—Hank Sauer, Chicago  
Center field—Stan Musial, St. Louis

Right field—Enos Slaughter, St. Louis  
Catcher—Roy Campanella, Brooklyn

The 16 honored players will start the game and play at least three innings, unless injured or sick.

Stengel and Durocher, who automatically became rival All-Star managers when they led the Yankees and Giants to 1951 pennants, will round out their 25-player squads with their own pick of pitchers and replacements for the 16 starters.

The complete National roster will be announced Monday and the American league roster on Tuesday.

## Earl Setser Wins Feature Stock Car Race At Quincy

Quincy, Ill., June 28 — (P) — Earl Setser of Jacksonville and Quincy's Sonny Gross reversed the script here Saturday night when Setser powered his 822 to a narrow victory over the Adams county youngster in the 40-lap feature race.

Gross paced the race for 37 laps. He blew a tire with three rounds to go and Setser, who had trailed him closely throughout the race, zipped into the lead.

Russ Cole of Jacksonville finished seventh in the feature. Don Lipcan of Winchester ended fifth.

Bill Dudley, new assistant football coach at Yale, is a native of Bluefield, West Va.

## FAN BREEZES

BY BOB MERRIS

The 7th annual Junior Chamber of Commerce state golf tournament for boys under 18 will be held at Elgin on July 8-9. The Jacksonville Jaycees plan to send a representative to that tournament.

Benny Lane, chairman of the local Jaycee committee, explains the method by which a local youth can make the Elgin junket and a chance to break into the national finals to be conducted at Eugene, Oregon, August 11-16.

If a boy has not reached his 18th birthday before August 15th, he is eligible. There is no fee for the kids to participate. They have only to report to Wood Phillips at the Nichols Park caddy house and say "I want to qualify for the Jaycee golf tournament." But it must be done before Thursday evening, July 3.

The winner will be figured on his low medal score for 18 holes. He will receive an all-expense paid trip to Elgin for the state finals. Gene Kirkham competed for Jacksonville last year.

Some of the local kids who may test their skill are Bob Black, Gary Birdsong, Tom Antle, Jim Costello, Dean Towers, Pat Dowling, Junior Myers, Jud Negus, Jim Crouse, Gary Myers, Bob Staples, Jim Blesse and Bob Devore.

Spike Wilson and Jim Buckley moved into the finals of the championship bracket in the Nichols Park Open golf tournament Saturday afternoon. Wilson pulled a surprise win over Homer Mitchell 3 and 2 while Buckley whipped defending champion Floyd Craft 6 and 5.

Buckley, who has been dumped out of the tournament the past two years, fired a 29-31-60 to whip Craft, a veteran tourney player. On his round of 29, Jimmy fired seven 3's and two 4's. Buckley and Wilson will play a 36-hole championship match next Sunday, July 6.

Domino, rotund boss of the Alton Domino's softball team, is one of the most popular team sponsors in southern Illinois, we're told. And it's easy to see why. Domino's boys will be fighting for the Nichols Park softball championship tonight. The team's entourage includes a publicity agent, booking manager, photographer and radio announcer. A "prop" man is always on hand to take care of the big boxes of ham sandwiches and the cases of pop with which the team refreshes itself immediately after the ball game. During the game, Domino holds court from a folding chair throne.

Domino is certain that his ball club will return to Jacksonville for the state finals in August. It is certainly one of the most colorful teams in the state and should enhance State Commissioner Hogan's tournament no end.

Augie Guglielmo, National League umpire, is a veteran of 27 months service in the South Pacific during World War II. He participated in the invasions of Hollandia and Biak.

### NAVY TO LAY KEEL OF BIG NEW CARRIER

WASHINGTON (P)—The Navy announced today that the keel of the 59,000-ton supercarrier Forrestal will be laid on July 16. Defense Secretary Robert Lovett will preside. The keel laying will be at the Newport News Shipbuilding and Drydock Company in Virginia. The Navy announcement said that the Forrestal, with an overall length of 1,040 feet, "will be the longest warship in the world." It is designed to handle the heavier, faster jet aircraft of the future.

### LEGAL NOTICE

STATE OF ILLINOIS )  
COUNTY OF GREENE ) SS.  
IN THE COUNTY COURT  
THEREOF  
IN THE MATTER OF THE PETITION FOR A CHANGE OF BOUNDARY OF HILLVIEW CONSOLIDATED DISTRICT NO. 111

### NOTICE

Notice is hereby given that on the 30th day of June, A. D. 1952 at the hour of 3:00 P.M. in the Circuit Court Room, in the Court House, in the City of Carrollton, a hearing will be had on a petition heretofore filed with the Clerk of this Court, on June 6, 1952, praying for an order to detach the territory formerly known as Common School District No. 89 of Greene County, Illinois, which said petition appears to be signed by two-thirds of the voters residing in said territory seeking to be detached as prescribed by statute.

At said hearing, any resident of said territory seeking to be detached or of Hillview Community Consolidated School District No. 111 of Greene County, Illinois may appear in protest of the petition, or to object to the granting of the prayer of said petition; and at the conclusion of said hearing, the court shall enter an order granting or denying the petition.

Dated at Carrollton, Illinois this 17th day of June, A. D. 1952.  
JACK A. ALFELD  
Judge of the County Court of Greene County, Illinois.

Attest:  
Dwight Coonrod,  
Clerk of the County Court of Greene County, Illinois.

Frank Gifford, new backfield man for the New York football Giants, played 60 minutes in both the Shrine and Senior Bowl games.

ADVERTISE—IT PAYS

### WHAT IS IT?

That's easy! It's just a couple of Little Leaguers going down in a tangle of arms and legs; pictorial proof that the local youngsters give everything they've got when they meet on the State Hospital diamond. The catcher didn't drop the ball and the runner was out by the scant foot that the picture shows. The Journal-Courier cameraman couldn't identify the boys. We doubt if the kids themselves can.

### Smaller Receipts In Stock Yards Advance Prices

Chicago, June 28 (P)—With prices quoted steady today, most classes of livestock closed the week with gains as compared with a week ago. The advance resulted from reduced receipts rather than any improvement in wholesale meat prices, which again slumped.

In the hog pens, barrows and gilts wound up the week 50 to 75 cents higher while sows were 25 cents higher. Shipping demand became very active late in the week, shippers buying more than half the receipts on Friday.

Cattle receipts were the smallest for any week since March, and of the total nearly half arrived on Monday. After that, the market climbed slowly upward. Buyers were more concerned with acquiring cattle to keep killing gangs operating than with holding down initial costs. Steers and heifers closed \$1.00 to \$2.00 higher.

Trends in the sheep sheds were mixed. Good to prime slaughter lambs closed strong to 50 cents higher, while others declined 50 cents to \$1.00 and sheep sold weak to 50 cents lower and at a new five-year low.

In the wholesale trade beef dropped as much as \$2.00, veal \$1.00 to \$3.00, lamb \$1.00 to \$3.00 and major fresh pork cuts \$1.00 to \$3.50.

### UMPIRE

By BEANS REARDON  
24 Years in National League  
Written for NEA Service  
Question: I contend Yankee Stadium has the longest center field fence in the American League. Right or wrong?  
Answer: Wrong. Philadelphia's Shibe Park's 468-foot center field barrier is seven feet longer than New York's. But the Polo Grounds tops them all, 484 feet.

Q: What is the longest league record for most home runs in a single game?  
A: Four, held jointly by Bobby Lowe, Braves, 1894; Ed Delahanty, Phillies, 1896; Lou Gehrig, Yankees, 1932; Chuck Klein, Phillies, 1936; Pat Seery, White Sox, 1918; and Gil Hodges, Dodgers, 1950.

Q: How many shortstops are in baseball's Hall of Fame, and who are they?  
A: Only four—Hugh Jennings, Joe Tinker, George Wright and, of course, Honus Wagner.

Q: Why didn't Babe Waddell, who had won 27 games, pitch against the Giants in the 1905 World Series?  
A: The Athletics' jostling southpaw was kept out of the Fall classic that year by a shoulder injury incurred falling over a pile of luggage in a Pullman car while trying to break Andy Coakley's straw hat.

### SLOTS CONFISCATED IN CHICAGO RAIDS

CHICAGO (P)—Sheriff's police seized 16 persons and confiscated 17 slot machines late Friday in gambling raids in Cook county.

The raiders struck at taverns in Leyden Township, Wheeling, Barrington, Norwood Park, East Hazelcrest, Calumet Park, Lemont and Western Springs.

The 16 tavern operators and bartenders seized were released on \$100 bond each pending hearings on charges of keeping gambling equipment.

Frank Gifford, new backfield man for the New York football Giants, made 64 of 79 conversions last season for the University of Southern California.

### Blistering Day Sets New High Mark, 100

Another blistering day was chalked up Saturday in the June heat wave which has seared Jacksonville and Central Illinois during the last week. The mercury, on a ramp in the upper nineties, hit the 100 mark officially. It has been there unofficially, already.

The community sweltered through another excessively hot day Friday, when government instruments at the Norbury Sanatorium registered a high of 97 degrees. Street thermometers located in shady places in the business district were above 100.

A reading of 103 degrees was registered at 8 p. m. Friday at the WLDS transmitter building east of the city, where the weather-recording conditions are comparable to many official stations in other cities.

At 6:15 a. m. Saturday the temperature at the transmitter was 82 degrees. At 7 a. m. it was 85; 8 a. m., 88; 9 a. m., 91, showing the tendency of the mercury to spiral.

The official noon temperature Saturday was 95, while at the transmitter it was 98. By 1 p. m. the radio thermometer was up to 101.

The instruments at the sanatorium registered a high of 100. Readings of from 96 to 100 were reported by numerous Illinois cities Friday. Springfield had a 96 degree reading at the U. S. Weather Bureau.

Jacksonville citizens tried to stay on the shady side of the street Saturday morning as the sun beamed with renewed ferocity. Absence of cloud formations was noted.

The city water plant continued to pump 31 million gallons of water into the mains within a 24 hour period, which is about a million gallons more than the city required last spring.

Wheat harvest in Central Illinois has begun under severely trying conditions for combine crews. For several days fields have been an inferno under the torrid rays of the sun.

### FRANKLIN

Franklin — The Weleynas birthday class held its quarterly social at the Methodist church Thursday afternoon. The hostesses were members who have birthdays in either April, May or June.

Roll call was "Describe your Wedding Dress." The following program was presented: Rev. Batty gave two readings from the "Sunshine Book," "Who Is Uncle Sam?" and "The Patriots Creed." A recitation, "If Jesus Came To My Home" by John Scott; piano solo, "Polynaise" by Jane Rolston; reading, "The Jewish Saleslady" by Evelyn Seymour, and a vocal trio, The Rolston Sisters with Mrs. Alma Crain as accompanist.

The Philathea class of the Methodist church held a meeting Wednesday evening at the home of Mrs. Nelson Seymour. Mrs. Howard Scott was assistant hostess. Devotions were led by Mrs. Ralph Dahman.

After a potluck supper a social hour was enjoyed. Thirteen members and three guests, Rev. and Mrs. Batty and Mrs. Ruel Carlemer, were present.

The Loyal Borean class of the Christian church enjoyed a potluck supper at the Franklin outing club Wednesday evening; Mrs. George Jolly and Mrs. Francis Tannahill were hostesses. Nine members were present. Devotions were led by Mrs. M. G. Seymour.

Mrs. Paul Flanagan underwent a major operation at Our Saviour's hospital Wednesday morning. Her condition is reported to be satisfactory.

Park Ames left Wednesday for his home in Oshkosh Wis., after a three weeks visit with his son, Paul Ames and family.

Mr. and Mrs. Robert Watkins of Jacksonville have purchased the Traver Snead home in Franklin and will move there soon.

Mr. and Mrs. Frank Reigel spent last week end with their daughter and husband, Mr. and Mrs. Byron Calhoun in Evansville, Ind. The Calhouns have recently purchased a new home in Evansville.

Frank Secory, new umpire in the National League, was an outfielder for Detroit, Cincinnati and Chicago appearing with the Cubs in the 1945 World Series.

Death in the Sierras

By Doris Hudson Moss

XVIII  
THE officers had taken the bodies of Rodney James and Professor Ordell to Blue Valley, and with their leaving, peace returned to the high Sierras.

David Roberts and I strolled on the porch. "Tell me some other things I want to know, David," I said.

"Well, my dear, since you'd rather talk of crime than of love, here goes. Miss Martinson phoned early that she was arriving in the evening. There was much secret conversation and while I naturally wasn't in on it, I suspected a good deal because I already knew a part of the story.

"After dinner while it was still fairly light I saw Ordell go to the stable. But of course, I had no idea what he intended to do. He had secreted his rifle in the barn or in the woods. By highway the Springs are 12 miles from the lodge. By the trail which goes straight up from the bowl of the lake meadow, it's only one and a half miles. Ordell lay in wait for Miss Martinson after he had bought shells from Loomis for his rifle. As she rounded that sharp bend past the Springs Ordell ordered Miss Martinson to pull off to the side of the road and he shot her in cold blood. He tried to remove the bullet but was frightened off by a car coming on the road across the canyon. That was the patrol car of Duncan and Marguard. Ordell spurred his horse back to Horseshoe Springs, intending to silence old Jim about the rifle shells.

"It shows how irrationally Ordell's mind was working. He was both subtle and very obvious as are most criminals. When the professor saw you in the green coupe and when Jim's light shone on your hair, it must have given him a jolt. But he wasn't the type to be afraid of ghosts, so he decided to ignore you for the moment and

take a shot at old Jim. Well, he missed and went into a panic. He rode wildly back to the lodge by the short trail, left his mud splattered, exhausted horse in the barn after unsaddling hurriedly, had his rifle in the loft and ran to his tent.

"MEANWHILE you had come into camp. Mrs. Ordell, believing that you were Elsie, was more than thankful to see you safe but was in terror of what might happen. She begged Bob to phone the police, but James prevented him from doing it. James believed you to be Elsie as did all the rest. When you went to your tent that first night James placed the poisoned meat in your tent because he was sure that you were Elsie and had brought Susie along for protection.

"After breakfast the next morning the Ordells went to their tent. Ordell came back innocently enough and that misled me. I couldn't believe he stabbed her 20 minutes before we heard the scream."

"But I interrupted. 'How could Mrs. Ordell scream twenty minutes later?'

"She didn't. Officer Wallace came along in his ladies' outfit, saw James dash out of the tent and went in to see what the hurry was about. Wallace is a poor officer but he is not a criminal. It was he who hit Ordell over the head later, of course, thinking Ordell was the killer. And it was he who pitched his voice high and gave a good loud feminine scream. He knew it would bring us."

"And the powder on the baked ham?"

"James again. James and Ordell, as I said, were cousins and their family is cursed with the taint of insanity. An uncle is in the asylum at Stockton. James was the more dangerous of the two though neither was exactly tame."

"And you and I walked those

trails in the dark with the professor. I shivered. "Why, you even left me to go on alone to the lodge with him!"

"No, I didn't leave you, dear. I only pretended to. He knew you weren't Elsie and I thought that if he was the killer he would want to sneak away in the dark to wreck your car or at least to hunt for the bullet. I walked along near you just behind those willows. He fell into my trap and went straight to the barn. As soon as you were safe at the lodge, I trailed him. But Bob had already dug out the shell.

"Then Ordell pulled a fast one. He tipped James off to follow us when we went after the treasure and to demand the money."

"Who was the ghost that Rhumba saw?"

"That was Wilmot. He smeared his face with powder and water to scare poor Rhumba. Just his idea of fun."

"And who ran along by the kitchen when I heard the shot and ran away from you?"

"SAM BURDICK. Incidentally, Sam was decorated for bravery in the war. Loomis told me all about him so I knew that I was taking part in a small chance. Jim says that Sam acts as a sort of doctor in these parts where the patient is a cow with a broken leg or a man with indigestion. So I just played my ace card and it worked."

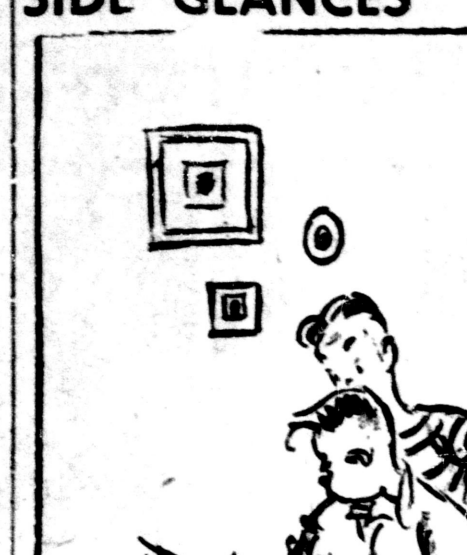

"But why did you stage that dramatic scene in the cave? Why didn't you merely arrest Ordell and Wallace?"

"It's always better, Rosemary, to get a confession from a criminal. It saves the state time and money. Then, too, Ordell needed breaking down. I had caught Wallace only a short time before and Duncan and I had checked the time in which Ordell could have ridden back to camp from the Springs and we found that the whole story proved the professor guilty. And now, let's just forget the whole mess."

"We sat by the fire a long time that night. We had much to plan, a lifetime ahead of us, and, when Susie could be up and about again, a honeymoon at Gold Lake Lodge.

## Monmouth Girl Elected Girls State Governor; Sworn In By Searcy

Miss Judy Johnson of Monmouth, Nationalist party candidate for governor of Girls State, swept to victory in the annual general election Saturday morning. The oath of office was administered in a solemn ceremony last night in Annie Merner chapel by Earl Searcy, clerk of the Illinois Supreme Court.

The new Girls State governor triumphed over the Federalist party candidate, Trudy Gassman of Olney, in Saturday's election.

## Winchester Park Railing Removed, Flagpole Painted

Winchester—City workmen Saturday morning were engaged in removing the ornamental pipe railing around the walks in the Winchester public square park.

The railing had been broken in a number of places and was removed completely to facilitate the moving and upkeep of the park lawn.

Two transient steeplejack painters from Nebraska were also engaged Saturday morning to paint the flagpole at the north entrance of the park. The flagpole is 40 feet high, is about 30 minutes they painted the pole and replaced the rope for the flag.

Considerable interest was manifested by onlookers when the painter climbed to the tip of the pole and painted the ball on top. The only support given him was from the flagpole rope which was used to steady the pole during the painting process.

## Farm Leader Assails 'Monopolistic Powers' Of Big Union Bosses

Chicago—Farmers should urge Congress to remove the exemptions labor unions enjoy from anti-trust laws, or to enact legislation to outlaw industry-wide bargaining. Charles B. Shuman, president of the Illinois Agricultural association, said Saturday.

"It is high time that we seek amendments to the anti-trust laws as a means of curbing the dangerous monopolistic powers that have come with the development of the nation-wide, industry-wide labor unions," Shuman declared.

"The current steel strike is an example of how a few men, through their domination of labor organizations, have the power to control the production of practically all of the essential goods and services for our 150 million citizens. These men can, and do, shut down the production of steel, coal, petroleum and other vital commodities without regard for the national welfare," the IAA president said. The IAA is the statewide Farm Bureau organization with more than 190,000 farm families as members.

"Seems Unthinkable"

"In our present state of near national emergency, it seems unthinkable that one man should have the power to close down an entire industry as vital to all as is the production of steel, yet that is exactly what has happened. This one labor union has literally laughed at the powers of Congress, of the President and of the Supreme Court."

"The first farm organizations were formed to fight the growth of monopoly power in commerce and industry. During the 75 years since, farmers have consistently opposed monopoly control of prices and have helped secure the enactment of anti-trust laws to assure consumers that prices would be competitive."

**Conditions Have Changed**

"As originally enacted, the anti-trust laws granted exemptions to organizations such as labor unions because it was thought they would never develop monopoly powers."

"But circumstances and conditions certainly change. Today, the greatest threat of monopoly power comes from the huge industry-wide labor unions."

"Farmers believe in organization as they have demonstrated in building in Farm Bureau the largest and strongest farmers' organization in the world. Farmers believe in the right and need for labor to organize for protection and for bargaining. We are, however, tremendously concerned with the use by labor of their organizations to form absolute monopolies with virtual life and death power over our entire economy."

**Threaten Worker's Freedoms**

"The rights and freedoms of the labor union members themselves are threatened by the monopolistic power of the industry-wide union just as small business was doomed by industrial monopoly."

"One solution is to ask Congress to remove the exemptions of labor unions under the anti-trust laws," Shuman concluded.
